INTRODUCTION

The 'Statistical Abstract-Tripura-1960' is the second issue in the series. Like the previous issue it fulfils, as far as possible, the requirements of the Administration in its various Departments, Local Bodies and institutions for statistics relevant to their activities and for study of socio-economic problems. Data relating to the years 1954 to 1960 have been incorporated in the Abstract, except in few cases in which the figures relating to the earlier years are not available. In addition to the tables contained in the earlier issue, a few new tables dealing with the emigrants from East Pakistan and the financial assistance rendered to them have been included in the present issue. Besides, in some tables the mode of presenting data has been altered slightly according to the suggestions from the Central Statistical Organisation.

We regret that in this issue also, we could not include vital statistics as these are not being available yet. Attempts are, however, being made to include those in the future issues.

Each table has been prefaced with an explanatory note regarding the scope and purpose of the table.

This department acknowledges its gratitude for the co-operation received from various Departments and Organisations in bringing out this Abstract. We shall appreciate if they could afford more prompt supply of data so as to enable us in bringing out the periodical in time.

This department will welcome constructive criticism and suggestions for further improvements in the Abstract.

I. AREA AND POPULATION

This section deals with the area and population of the Union Territory of Tripura. Figures for 1951 are based on Local tabulation of 1951 Census data. Area and population of Kailashahar & Dharmanagar Sub-divisions have been revised due to transfer of Kanchanpur Tahashil from Kailashahar Sub-division to Dharmanagar Sub-division.

Table No. 1.1—This table presents area, population and density of population for each Sub-division and the Territory as a whole.

Table No.1.2—This table presents growth and variation of population in each Sub-division since 1921. The population of Kailashahar Sub-division upto 1941 includes Kanchanpur Tahashil.

Table No. 1.3—In this table the population of the Territory is divided into two main livelihood categories. Each main category is again Sub-divided into four sub-categories.

Table No. 1.4 to 1.8—In these tables save 1.6, distribution of population according to Literacy, Religion, Caste and other characteristics of population of each Sub-division is presented. The table 1.6 shows area, population and density of population for each Tahashil under each Sub-division.

RAINFALL IN TRIPURA-1960

(SUB-DIVISIONWISE)

K.Y. JACOB

II. CLIMATE

Tables relating to rainfall, temperature and humidity are shown in this section.

TABLE No. 2·1—In this table, actual rainfall of different centres, with the average figure in respect of the territory as a whole for the years from 1954 to 1960 is presented. Actual annual rainfall is given both in inches and centimetres. Normal rainfall of each station with variations of actual from the normal is also given.

TABLE No. 2·2—This table gives monthly and annual rainfall during 1960 with percentage of variation from normal in respect of each centre.

TABLE No. 2·3—In this table, data on temperature and humidity are presented. Highest or lowest temperature on a particular month or year means the highest or lowest temperature recorded in any day of that month or year. The mean temperature shown in this table is the simple arithmetic average of the period.

VI. LIVESTOCK AND VETERINARY

Statistics on livestock and veterinary services are presented in this section.

TABLE No. 6·1—Data regarding the number of livestock and poultry are given in this table. The only source of livestock statistics is from the quinquennial census of the Agriculture Department. Sub-division-wise figures in this regard for 1956, the year of the census, are also given.

TABLE No. 6·2—In this table working cattle are shown separately. Working cattle include bulls, cows, buffaloes and she-buffaloes, kept for work only over 3 years.

TABLE No. 6·3—This table shows the category-wise livestock and poultry, such as Cattle, Buffaloes, Sheep, Goats, Horses and Ponies, Pigs, Ducks etc. according to age, sex and use.

TABLE No. 6·4—Data regarding the veterinary services are presented in this table. The control of veterinary services in this Territory was under the Directorate of Agriculture upto 1958. Since the formation of Tripura Territorial Council, the control of veterinary services has been placed under the Territorial Council.

VII. FORESTS

Available statistics regarding forests are presented in this section

TABLE No. 7.1—This table gives the information relating to area under forests. Areas under forest are classified by types of ownerships and further by legal status. The classifications of forests are given below :—

- i) State forests—include all forests under the control of the Forest Department of this Administration.
- ii) Reserved forests—they are permanently utilized either for production of timber or other forest produces and rights of grazing and cultivation are seldom allowed in such forests.
- iii) Protected forests—in this the rights of grazing and cultivation are allowed subject to a few mild restrictions.

TABLE No. 7.2 and 7.3—Information relating to produce of forests is given in these two tables. Forest produce is classified as major and minor produce.

TABLE No. 7.4 and 7.5—These two tables give the statistics regarding :—

- i) employment in forestry and forest industry.
- ii) areas of forests protected from fire and cattle.

TABLE No. 7.6—This table shows the progress of forest regeneration and afforestation made so far.

XII. EDUCATION.

This section deals with data on the educational progress in Tripura for the years 1953-54 to 1959-60. Educational statistics presented here are based on the annual educational statistics compiled by the Education Department of this Administration for transmission to the Ministry of Education, Government of India.

In this section, educational institutions are classified as Recognised and Un-recognised. Recognised institutions are those which are recognised by the Government and offer the prescribed courses of study. They are open to inspection and general direction by the Education Department of Government and their pupils are ordinarily eligible for admission to public examinations and tests held by the Department or the University. Unrecognised institutions are those which do not come under the definition of recognised institutions stated above.

TABLE NO. 12.1—Information regarding the number of various types of recognised institutions for men and women and total number of unrecognised institutions for men and women is presented in this table. The number of institutions for men as shown in this table includes those institutions in which the co-education system exists.

TABLE NO. 12.2—This table shows the number of men and women scholars receiving instruction in various types of institutions. The figures shown within bracket indicate the students of other educational institutions.

TABLE NO. 12.3—The number of men and women teachers in various types of institutions is shown in this table.

TABLE NO. 12.4—In this table data in respect of direct and indirect expenditure on education according to sources are given.

TABLE NO. 12.5—This table gives information relating to number of scholars passing matriculation and other University examinations or any diploma course e. g. Post graduate and under graduate teachers training diploma.

TABLE NO. 12.6—Information regarding progress of educational facilities given to scheduled tribes, scheduled castes and other backward classes is shown in this table. The number of institutions and pupils given in this table are included in the respective tables mentioned above.

TABLES NO. 12.7 & 12.8—In these tables the age-wise distribution of students in the schools and colleges of general education have been shown.

XX. COMMUNITY DEVELOPMENT

The Community Development programme has been launched in this Territory from 1952 for betterment of social and economic conditions through the collective efforts of the community itself. The Scheme was in operation in nine blocks at the end of 1960, of which six are Stage-I and three Stage-II blocks.

TABLE Nos. 20·1 and 20·2—These tables show the coverage of the Community Development programme as well as physical achievements under important heads.
